

MAIN AGENDA

17

September

16

September

18

September

Conference Sign-in
10:00 - 13:00

Session 1
Breeding & Feeding
09:00 - 12:00

Session 4
Genetic Technology & Development
09:00 - 12:00

Pre-Conference
Staying ahead of the curve
13:30 - 18:30

Session 2
Data & Communication
13:00 - 15:45

Session 5
Training & Education
13:00 - 15:30

Business BBQ Cocktail Reception
19:00 - 20:30

Session 3
Nutrition & Health
16:00 - 18:50

Session 6
Breeding for Future
16:00 - 18:30

Business Dinner Reception
19:00 - 20:30

DAY1/Agenda, September 16

Up to: August 16, 2021
Updating

Time	Program	Speaker
10:00-13:00	Registration	
13:30	Opening	Mr. Jeff Zhou, Chief Representative, CIWF; Ms. Berry Wang, Organizer, GPGS
14:00	Analysis on Global and Chinese animal protein market	Ms. Pan Chenjun, Executive Director, Rabo Research Food & Agribusiness of Rabobank
14:30	Raw material trends under current market conditions and response strategies	Mr. Zhang Yan, Risk management and sourcing, Cargill China
15:00	An outlook on future technology	Mr. Roxie Muller, Innovation Manager for Nedap Livestock Management
15:30	Quality optimizing technology for slaughter meat	Mr. Gwenaël LIDURIN, Technical Director of Meat Quality, Cooperl Group
16:00	Coffee break	
16:30	Danish Crown as a cooperative exporting to China	Mr. Søren Tinggaard, VicePresident, Danish Crown China
17:00	Pig raising mode and disease elimination strategies	Dr. Shao Guoqing, Pofessor, Jiangsu Academy of Agricultural Sciences
17:30	What can we learn from evolution in pig genome?	Dr. Martien Groenen, Professor Animal Breeding and Genetics, Wageningen University
18:00	Applications of gene editing technology for creating pigs resistant to African Swine Fever Virus	Dr. Yangbin Gao, Executive Director of Research, Qihan Biotech
18:30	Conclusion & Closure	

19:00
to
20:30

Business BBQ Cocktail Reception

Venue:

DAY2/Agenda, September 17

Time	Program
Section 1	Breeding & Feeding
	Moderator: Dr. Guo Pengfei, Technical Director of Pig feed, Cargill China
09:00	09:00 Opening
09:00 to 12:00	09:15 Practical experience with Genesis in China Mr. Jørgen Lindberg CEO,Lianyungang Dan Yu Pig Breeding Technology Co., Ltd & Scandinavian Farms Pig Industries Limited
	09:30 Dr.Douglas W. Newcom, Vice President Genetics & Technology,National Swine Registry
	09:45 Cooperl
	10:00 Dr. Chris Opschoor Manager Global Nutrition Services, TOPIGS NROSVIN
	10:15 Sow feeding management Ms. Peng Fengzhen, Technical Manager of Farm Solutions Cargill China
	10:30 Practice of economic breeding mode under the new situation of pig breeding Mr. Li Jialian, President, Guangxi Guigang Xiubo Gene Technoligy Co,Ltd
	10:45 - 11:00 Coffee Break
	11:00 - 12:00 Panel session
	Topics: <ul style="list-style-type: none">• How to manage and maintain the genetic potentials of breeding pigs;• Measures to reduce costs and increase efficiency in breeding farms.
	Participants: <i>all speakers and</i> <ul style="list-style-type: none">• Mr. Gao Jianfeng, Commercial Director of Southern China, Cargill• Mr. Andrew Hu, General Manager.Nedap Livestock Management China• Ms.Sussie Ketit, Regional director, SKIOLD China

Time	Program
12:00-13:00	Buffet Lunch Venue:
Section 2	Data & Communication
	Moderator: Dr. Zhang Jia, Co-founder, Wepig
13:00 to 15:45	<p>13:00 Opening</p> <p>13:15 Dr. Liu Jianfeng, Professor, Animal Genetics and Breeding College of Animal Science and Technology China Agricultural University</p> <p>13:30 Ms. Feng Yingchun, Chief Data Officer Guangdong Tiannong Food Co., Ltd</p> <p>13:45 Dr. Douglas W. Newcom Vice President Genetics & Technology, National Swine Registry</p> <p>14:00 Flipping the pyramid Mr. Patrick Jenneskens, Data & Technology Manager BU Swine, Hendrix Genetics</p> <p>14:15 Mr. Gerard Weijers, Global Business Developing Nedap Pig Division</p> <p>14:30 Mr. Marc Cox, Founder & General Manager, Agrisyst</p> <p>14:45 - 15:45 Panel session Topics:</p> <ul style="list-style-type: none"> • Digitization and intelligence of pig breeding; • The value of data and how to interpret the data correctly; • Application of artificial intelligence in big data platforms; • Big data application and early warning and planning system. <p>Participants: <i>all speakers and</i></p> <ul style="list-style-type: none"> • Dr. Abe Huisman, Director R&D BU Swine Hendrix Genetics
15:45 - 16:00	Coffee Break

Time

Program

Section 3

Nutrition & Health

Moderator: Dr. Wu Hua, Senior Product Manager, Zoetis China

16:00

16:00

Opening

to

16:15

The realization of efficiency improvement and cost reduction during the battle with ASF

18:50

Dr. Michael Niuyufeng, Business development manager & technical advisor, Greater China, CID LINES

16:30

Sow nutrition
Mr. Wang Dapeng, Nutrition Consultant, CARGILL China

16:45

The application of high performance piglet health program
Mr. Liu Feng, Senior Product Manager, Zoetis China

17:00

Biosecurity measures and filtering
Mr. Jeffen Chen, Vice President, Huanshan Group

17:15

The holistic approach of gut health management
Dr. Filip Van Immerseel, Professor
the Faculty of Veterinary Medicine of Ghent University

17:30 -18:30

Panel session

Topics:

- The challenge of antibiotics-free in feed for pig producers
- Solution sharing on PRRS elimination

Participants:

all speakers and

- Cooperl
- Dr. Wu Yanan, Technical Service Lead, Cargill
- Mr. Guo Haibing, Strategic Customer Technical Service Manager, Zoetis China
- Mr. Wout Maes, DVM, Head of Asia Pacific, CID LINES

18:30 - 18:50

**<Mycoplasma in Swine> Chinese version
the new book release ceremony**

By Jiangsu Academy of Agricultural Sciences, Zoetis China, Muyuan Group

19:00

to

20:30

Welcome Business Dinner Reception

Venue:

DAY3/Agenda, September 18

Time

Program

Section 4

Genetic Technology & Development

Moderator:

09:00	09:00	Opening
to	09:15	Digital technology applications in pig breeding Dr. Boyu Ji, Digital innovation scientist, PIC
12:00	09:30	Lab based breeding Dr. Egbert Knol, Research Director, TOPIGS NORSVIN
	09:45	Genetic improvement of disease resilience Dr. Chad Bierman, Geneticist, Genesis Inc.
	10:00	Pig behavior research and its application in breeding Mr. Cyril Le Moal, Breeding Technical Director, AXIOM
	10:15	Consumer based breeding Dr. Johan van Arendonk, Chief Innovation & Technology Officer, Hendrix Genetics
	10:30 - 11:00	Coffee Break
	11:00 - 12:00	Panel session

Topics:

Participants:

all speakers and

- Mr. Jørgen Lindberg, CEO, Lianyungang Dan Yu Pig Breeding Technology Co., Ltd & Scandinavian Farms Pig Industries Limited
- Dr. Patrick Charagu, Sr. Geneticist, BU Swine Hendrix Genetics
- NSR

时间 日程

12:00
to
13:00

Buffet Lunch

Venue:

Section 5 **Training & Education**

Moderator: Mr. Lixian Wang, Researcher & Ph.D Supervisor,
Beijing Institute of Animal Husbandry and Veterinary Medicine,
Chinese Academy of Agricultural Sciences

13:00
to
15:30

13:00

Opening

13:15

**Lessons for China from 40year experience
in Western pig breeding**

Dr. Jan Merks, Chief Geneticist, BGG

13:30

**Building the Pipeline - Cultivating the future
- With SKIOLD you make the difference**

Ms.Sussie Ketit, Regional director, SKIOLD China

13:45

Advanced Animal Breeding Training

Dr. David S. Casey, Asia Product Performance Director, PIC

14:00

Mr. Yao Jun, President, Changrong Agricultural Technology

Panel session

14:15- 15:15

Topics:

Participants:

all speakers and

- Dr.Wang Yanan, General Manager of Breeding business department
Shanghai Xinnong Science & Technology
- NSR

15:15 - 16:00

Coffee Break

Time	Program
------	---------

Section 6 Breeding for Future

Moderator: Dr. Ma Guojia, General Manager, Genetics Department, COFCO Meat Holding

16:00 to 16:15 **Opening**

16:15 to 16:30 **Genome editing: an accelerator for improvement of disease resistance in pig**
 Dr. Xi Shengsong, Associate professor, Huazhong Agricultural University

16:30 to 16:45 **Selection for natural disease resistance**
 Dr. Jenelle Dunkelberge, Geneticist, TOPIGS VORVIN

16:45 to 17:00 **Development trend and value of porcine commercial cloning technology**
 Dr.Liu Hongbo, Co-founder & CSO, Henan Siowio technology Co., Ltd

17:00 to 17:30 **Breeding for future**
 Mr. Jim Long, President & CEO, Genesus Inc.

17:30 - 18:30 **Panel session**

Topics:

- Advantages of genetic engineering breeding technology (cloning, gene editing)
- Prospects of industrial application (policies and regulations, market acceptance)

Participants:

all speakers and

- Dr. Emily Miller, Product Manager, BU Swine Hendrix Genetics
- Mr. Gao Jia, Director of Genetic Business Unit, COOPERL China

18:15 to 18:30 **Conference Closure**
